

# Managed-Firewall-as-a-Service (MFaaS)

## Simplifying Data Center Management

Scale in minutes

No unplanned downtime

Cost efficient

With Check Point's Managed-Firewall-as-a-Service (MFaaS) for Colocation, organizations can simplify their data center workflow orchestration and scale up on demand, just as they can spin up new servers and compute resources in collocated private clouds.

Managed Firewall as a Service, provided by Check Point's Infinity Global Services, protects both private and public network services from security threats. The service integrates with your existing security infrastructure with a network-based, cost-effective, scalable threat prevention solution.

## How it Works

After signing up for Check Point's service, their team will set up and configure the firewall to fit your security needs, integrating it with your existing infrastructure. The firewall is deployed remotely in your colocation data center for a quick setup. Check Point continuously monitors and manages the firewall, using advanced tools to track traffic and respond to threats in real-time. As your needs grow, you can request more resources, and Check Point will scale up the service. Regular updates and maintenance ensure the firewall stays up-to-date and performs optimally. The service includes:

- Configure/Migrate the initial Gateway and Management environment
- Execute weekly operational rule and configuration changes
- Regular software updates to allow for latest features on a yearly basis

## Product Capabilities

### On-demand, as a service, security solution provided by Check Point

- Monitoring and alerting
- Alerting of high and critical events
- 24x7x365 managed service
- Initial Management & Gateway Service set-up

### Superior security gateways and highest-caliber threat prevention includes:

- Firewall
- VPN
- IPS
- Application Control
- Content Awareness
- URL Filtering
- Anti-Bot
- Anti-Virus
- Anti-Spam
- Threat Emulation
- Threat Extraction

## Product Benefits:

- **Pay as you grow** - With MFaaS, you pay for the protection capacity needed now rather than installing a system that requires a speculative up-front capital investment.
- **Scalable solution** - Just like adding new servers or computing resources to your private cloud, you can scale up your firewall services on demand.
- **Ease of use** - Take advantage of a seamless service that saves you the rack and stack of hardware and does not require configuration, ongoing management, or refurbishing of equipment.
- **Managed for you** - Leave ongoing maintenance, upgrades, and complex integrations to Check Point experts.
- **Continued compliance** - our firewall integrates with customer infrastructure for compliance logging and reporting.

### Change execution schedule:

Type	Schedule
Scheduled change	2 business days
Emergency change	2 hours

### Service degradation SLA:

Severity Level	Description	Response Time
Critical	Outage. Service is down	2 hours
High	Urgent. End-user impact	4 hours
Medium	Important. Potential for performance im-pact if not addressed	24 hours
Low	Monitor. Issue addressed but poten-tially impactful in the future	Best Effort

## SKUs

### Choose one SKU for a complete solution:

SKU	Description	Specifications
CPTS-PRO-COLO-MSS-1GB-SNBT-STD-1Y	New VS Setup	Sandblast and Standard support 1 year subscription
CPTS-PRO-COLO-MSS-1GB- NGTP STD-1Y		Threat Prevention and Standard support 1 year subscription
CPTS-PRO-COLO-MSS-1GB-NGFW-STD-1Y	Managed Co-Location 1Gbps Security Gateway	Firewall and Standard support 1 year subscription
CPTS-PRO-COLO-MSS-1GB-SNBT-PRM-1Y		Sandblast and Premium support 1 year subscription
CPTS-PRO-COLO-MSS-1GB-NGTP-PRM-1Y		Threat Prevention and Premium support 1 year subscription
CPTS-PRO-COLO-MSS-1GB-NGFW-PRM-1Y		Firewall and Premium support 1 year subscription
CPTS-PRO-COLO-MSS-500MB-SNBT-STD-1Y		New VS Setup
CPTS-PRO-COLO-MSS-500MB-NGTP-STD-1Y	Threat Prevention and Standard support 1 year subscription	
CPTS-PRO-COLO-MSS-500MB-NGFW-STD-1Y	Firewall and Standard support 1 year subscription	
CPTS-PRO-COLO-MSS-500MB-SNBT-PRM-1Y	Sandblast and Premium support 1 year subscription	
CPTS-PRO-COLO-MSS-500MB-NGTP-PRM-1Y	Threat Prevention and Premium support 1 year subscription
